4 Key in the *code* to start using the app.

Our Modules

Only subscribed modules will appear on the School2me app

Notifications
Send updates to parents, students and staff immediately or at certain time.

Daily Log
Use bluetooth thermometer and NFC tag to capture check in/out and other daily activities.

Messages
Enable 2 way private messaging with parents/students.

Bill / Payment
Send immediate or scheduled payments to parents. Parents pay online or submit payment proofs. Auto-generated receipts.

Reports
Create own report template to update parents/students on progress.

Events
Inform parents/students of event/programs, enable them to register and pay.

Portfolios
School can capture and tag pictures of students for sharing with their parents.

Documents
Store long-term documents such as handbooks, transport schedules, etc, online.

Books
Scan ISBN code on books, track borrower, due date and late returns.

E-Assignments
Complete and submit asssignments via app. Track submissions status and performance.

Points
Students can collect reward points and redeem for products or recognition.

Visitor
Parents can alert school before arriving to drop-off or pick-up.
